

BOARD OF EDUCATION STATEMENT ON WORLD TEACHERS' DAY

October 5, 2020

We are always grateful for the multitude of excellent teachers in Central Okanagan Public Schools. This year, as we see teachers easing anxiety, demonstrating courage, and adapting to changes, we appreciate their dedication to their calling even more.

In the Spring of this year, many families gained a new understanding of the talent, patience, and skill that goes into teaching young people. As we got everyone back into classrooms this Fall, teachers were on the front lines of organizing, planning, and helping students adjust to new safety measures.

Teachers are moving students past a sense of crisis and onward to essential learning. Teachers also work hard to connect families to classrooms, often going above and beyond to make sure each student can meet their potential.

Our heartfelt gratitude goes to each teacher who fosters resilience, inspires courage, and teaches young people to contribute to our changing world. You inspire us all, now more than ever.
